Whispers from The Brighter World
A Fifth Revelation

Monday, October 24, 2005 – 10:00 a.m.

Make the most of your new condition; maintain it in your heart like a precious treasure, enabling you to love even better. Love and availability – this is what characterises you. Your profound desire resides there and finds its meaning throughout these writings. A heart overflowing with love has multiple implications: it volunteers to serve and this is not vain. It takes along with it other hearts in an endless circling, thus showing the divine power. When reading this, if they pay attention, our brothers and sisters will experience the effects of grace emanating from the heart of their Master and reaching theirs through this channel – thus does it operate. Be thankful, my child, as your struggles are constructive; what is great is not achieved easily. Your Master knows what this means, he who must make an effort every day to assume his role and to carry our Mission very high in this world.

"His work does credit to our way. It gives delectable fruits, which are not necessarily felt through one's senses. Their effect goes well beyond human boundaries. Think of him and make the most of this special relationship existing between you both. Remain united with his divine heart for a complete osmosis beneficial for your contacts. What you achieve in this area is rare; it must be stressed again that you have a special place in our way and this will be remembered therein. Accept this, will you please? So be it. Do not spread yourself too thin; keep

your strength for what is essential to you. Remain confident; we alleviate your burden as much as possible when it becomes too heavy to carry. Be blessed."
