Whispers from The Brighter World

A Fifth Revelation

Sunday, November 13, 2005 – 10:00 a.m.

This heart, offered to us, has been taken over by us for a long time now. Nothing in the process of a soul escapes us, when its quest is focused on merging with the Ultimate. The work done every day, regarding noting down these messages, can only be carried out under very specific conditions: in an atmosphere of love and complete surrender. Requests from some of our abhyasis who would like to play the role of scribe within our Mission are useless; on no account can things be like that. Many pretend they communicate with us; greatest caution must be exercised in this area where ploys are commonly used.

"You are and will remain the medium of our way. You didn't ask for anything, yet you received. God's ways are unsearchable; that's the way it is, my daughter. Let yourself be carried by this wave of love which feeds your heart every day. Continue on your way in the fulfilment of your destiny. Keep on singing our praises; it is in this permanent exchange that a kind of alchemy occurs, enabling you to reach, with your specific means, the holy place of the Chosen ones; and for that, you need more than your gifts. As for a mystical quest, it is within the reach of all those who wish to devote themselves to it, with fervour and faith. Each aspirant, by means that are his, can reach the goal.

"The Master's heart is omnipresent; through his work, he generates a very special climate unifying the hearts of all our brothers and sisters into a huge movement escaping their perceptions, though effective and redeeming. Such is the

goal of our action in this world and beyond, where wonder is shaped with the support of a higher authority, sovereign in everything."
