Whispers from The Brighter World
A Fifth Revelation

Thursday, March 23, 2006 – 10:00 a.m.

Remain ever more united with your Master's heart, such is the current objective. Give it its full dimension and the attention it deserves. Make sure that your efforts are directed towards this goal. Get rid of useless things; it is imperative that you do not forget this. Life on Earth is a short spell, an opportunity given to man to rise and grow in wisdom. Each moment is to be considered from this point of view. Cultivate in yourself the delectable fruits of divine love; it is unequalled on this Earth. May they ennoble your soul by embellishing it with the most shining glow! Love and peace are in harmony in a heart offered without any pretension. Love is your primary food, my child. Accumulate these kinds of jewels, which will follow you from the world of men to a higher destiny; they will not perish. Open up your heart to these subtle joys. Let them become, throughout the day, the surest asset that accompany and support you in your struggles. Love infinitely, everything boils down to this: such is the secret of a divine life and the culmination of a quest when the subtle being manages to impose its laws – a quest that is carried over from one incarnation to another.

"Let your heart be the permanent receptacle of divine love, offered to the purifying breath of the spirit transforming your being that is receptive to its benefits. One has to gain the divine life through a true commitment to deserve it and to build it every day. You should put things into perspective. Let the need for the Absolute grow in you – there, the transcendence of the Spirit takes on greater emphasis, under the inspired control of your Master. May his power grow in you. Love Him infinitely; he will lead you where he must, according to the profound

aspiration of your heart. Be united in fighting for what serves the divine power in all its states. Be surrendered and happy to serve it and remain stronger than ever. Your goal is noble; carry on your way under our ceaseless blessings."
