Whispers from The Brighter World

A Fifth Revelation

Wednesday, August 23, 2006 – 10:30 a.m.

My son, this special meeting will go down in the history of the Mission, allowing the personality of each participant – especially the leading elements of the future – to better express themselves. It is edifying in many respects. My son, [I wish you every] success for this undertaking, on all levels! Special blessings to all and to you, the Chosen One among all, the best, my very dear son! Be at peace!"
