A Fifth Revelation

Wednesday, July 25, 2007 – 10:00 a.m.

Your Master is a beautiful and great soul that came to this world for a mission of the utmost importance. The future will give him his rightful place. He is already known and recognised as a Great Being who became incarnate among humans to contribute to their salvation.

"He is promoting the dissemination of these messages which we wish to be known and accessible to the greatest number, because they have an importance that is unimaginable today.

"Let the divine will be done.

"Blessings to all."
