Whispers from The Brighter World
A Fifth Revelation

Thursday, September 20, 2007 – 10:00 a.m.

When the time of liberation has come, the beings prepared for this great upheaval will move on to another dimension of consciousness.

"Our way contributes to it with a simple and effective method that allows – through regular practice – to operate at the vibratory level of the subtle being. Its apparent simplicity does not take away from its effectiveness. Many people understand it and act accordingly. May all our aspirants become aware of it and may they not neglect what we are proposing to them and which is perfectly suited to this new era of planned evolution."
