Whispers from The Brighter World

A Fifth Revelation

Sunday, October 7, 2007 – 10:00 a.m.

Your heart is full, my child; it overflows with love. Let this love benefit the heart of your fellow creatures – many of whom sorely miss it. Moral suffering is growing in this disconcerted world, which moves away from the rules for a healthy and balanced life. There are many disturbances that destabilise man. Everyone delights in enjoying the gadgets of so-called modern life.

"The 'poor pencil', as you portray yourself, has done a remarkable job which history will remember. Do not belittle your efforts. These thousands of messages give an indication of who you are, which our brothers and sisters will feel in reading them. Such work cannot be done in a mechanistic way, without revealing the beauty of a soul.

"Accept these remarks of ours; you cannot do otherwise. Rest and pull yourself together, as you still have a lot to do in our service. Don't forget. Such is your mission, and it is not finished as you believe.

"Regain joy, please, and offer it around you. You will make us happy."

(Later)

"Do not hide this message, it has its raison d'être!"
