Whispers from The Brighter World
A Fifth Revelation

Sunday, February 24, 2008 – 10:00 a.m.

Our Brother Ramakrishna is a great figure of mystical India. He influenced the life of many beings and his influence is still felt in very many hearts. Yours felt this impact, which prepared it for the path it had to follow. Havinga visit from him is a grace for you and for our Mission. These great beings left their mark in the history of this country. May this country never forget its primary vocation and stick to it in spite of everything. Happy are those who do not lose sight of the main thing – a lifetime is very short compared to eternity. May all be enlightened accordingly and be blessed."
