Whispers from The Brighter World
A Fifth Revelation

Wednesday, October 22, 2008 – 10:00 a.m.

The Medium: "The mere mention of your name, Divine Babuji, soothes my heart and makes it praise your greatness. This call is also directed to my Master. His love for you inspires me; it is so great, so beautiful, that it moves me each time. Without this kind of love, who would we be? It is a grace to be able to love like that. O my Beloved, please let it always be like that."

My child, feast yourself on this love that is out of the ordinary. It is your elixir of life, your 'true' joy. This exceptional love will drive a lot of hearts, as thirsting as yours. Our way lends itself to spreading among our brothers; life of the future will foster this. The great ideologies will not resist it; powerful forces will manifest themselves here below; beings will be relieved of their hatred and also their fear. Only a climate of trust can reassure human beings; this time will come, after many cataclysms that will restore the true value of the things.

"Love, of divine essence, must be established here below. We are working towards that. Blessings."
