Beloved Master
Revered Babuji Maharaj

Whispers from The Brighter World
A Sixth Revelation

Tuesday, March 10, 2009 – 10:00 a.m.

My son is showing his worth; the years do not diminish the power that characterises him. He will remain an example on all levels, illuminated by a personality that cannot go unnoticed. The value of his work is appreciated in high places; the coalition of Masters is delighted by the expansion of our Mission in the world.

May this dearly loved son be carried to the highest by the fervour that is generated by love at this level.

May he be highly blessed; this is the unanimous expression of those here who follow and support him.

Babuji
