Whispers from The Brighter World
A Sixth Revelation

Saturday, May 2, 2009 – 10:00 a.m.

Dearest son,

These means of communication enable us to more strongly express to you our love and the attention we pay to all of your undertakings.

On your own, you represent our desired action, the way it would materialise were it to manifest itself here below. Life on this Earth, in many countries, is destabilising; true values do not carry weight in the daily life of very many human beings. An authentic spiritual process allows one, to some extent, to remain in a balanced condition for the development of an inner life.

In this spirit, may all our brothers and sisters fully benefit from what our way can bring to them, in terms of constructive aspects.

Our Mission positions itself in a great current of thought which will become, in the future, a true refuge and strength for humans.

We are moving in that direction; praise God for that!

To you the best, my son!

Our aspirants must open up to a higher reality; we are acting to that end. Rigid concepts do not advance humanity as would be desirable. A new world is in the offing; it is inescapable. It is up to us to show the way: that of the sovereign Spirit, prevailing over matter and hence not subject to misconceptions.

A great step must be taken for the world to open up to this truth. A precursory movement is taking shape; it will truly establish itself at the appropriate time. Let us be vigilant, my dear son: great changes are brewing. Inevitably, it will be necessary to face them. We must be pioneers with regard to spirituality; it is fundamentally the same. It remains for humanity to discover it, in its complete reality.

May the time of obscurantism be past, and may a new world open up to our brothers and sisters of the future. May it please the Higher Powers that it be so!

Your Master,

Babuji Maharaj
