Whispers from The Brighter World
A Sixth Revelation

Friday, September 4, 2009 – 10:00 a.m.

What fire drives and enlivens you, my daughter? It allows you to take down some more messages for the love of us. These contacts are the very essence of your life. According to you, your life is epitomised, for the better, by this unique communion from which our Mission benefits. What you are experiencing in your physical body urges you to seek this immutable peace, whose worth can only be assessed by the soul. May your soul be satisfied with it at the highest level. May it convey during our contacts a little of the beauty and subtle energy of the 'world of the Spirit', that which we have long been evoking throughout these messages. The latter correspond to the present time – more precisely, to its energy. Let us remain focused on this one for the moment.

The world is at a turning point in its history. Everything can change course and disappear or be rebuilt for the best, from the perspective of fulfilling divine laws. Let us continue to work in this direction. May all our followers feel concerned by what is at stake, as tomorrow's world depends on it. May divine grace touch the hearts of our brothers and sisters and propel all of them into this way of love, the only path that is worthwhile.
