Whispers from The Brighter World
A Sixth Revelation

Tuesday, September 8, 2009 – 10:00 a.m.

My dear daughter, given your very challenging health condition, you have done and are still doing a tremendous job. It is love that carries you and not any self-serving motives. We know your heart; this small 'incident' regarding my intervention, through these few lines approving this project in the Montpellier Ashram, should on no account make you feel guilty. This idea really touched you, and spontaneously, you conveyed our reaction on the subject. On this occasion, these lines reached your Master through different channels, unintentionally.

Please, do not give up; these messages are precious for my Beloved Son. We would like to give him messages on a regular basis in order to alleviate his legitimate doubts, which are only human and inevitable even in a spiritual being of his stature. We also struggled on this Earth and were not spared doubt, fear or anger. Nothing is simple here below; the veil of illusion distorts everything. Do not be sad, my daughter. You have always acted for the best and with all your heart.

Love your Master – you do this so well and intensely. As you say, you advance in the shade of his shadow, very discreetly, your only objective being to serve him and the Mission which is close to your heart – a purpose that is so dear to us.

May your Master feel all the power of our love!
