Whispers from The Brighter World
A Sixth Revelation

Saturday, September 19, 2009 – 10:00 a.m.

You have received our gift, my child – one that cannot be assessed on the human level. Your heart, and only your heart, can feel its benefits. This birthday is not ordinary; a step is made towards the Eden that your soul is longing for. In purity and love where life, in the broadest sense of the word, takes on its full dimension, the soul is one, indivisible and pure, an emanation of the Great Work, the Whole; it loses its individuality to become One with Him.

Be at peace; you give all that you can. Your heart drinks from the source and it redistributes, as much as possible. Such is the behaviour of fervent hearts, dedicated to the Divine, to the Master who guides them towards the Ultimate Goal. Achieving this is an unprecedented grace; merging into Infinite Splendour is what the soul, in its noble subtlety, longs for. How could one not endlessly praise this extraordinary design, which causes humanity, in the best of its being, to aspire to this mergence.

Love, my daughter. Go deeper and deeper into this discovery with your divine Master's help. A fervent heart like yours attracts his attention and gives him a real reason to console it in its profound aspiration to rise.

Be blessed, my daughter, and strengthened in this endless search in which your heart excels. You need these contacts. They are your elixir of life. Your soul delights in them; therefore, do not deprive it.
