Whispers from The Brighter World
A Sixth Revelation

Wednesday, September 23, 2009 – 10:00 a.m.

By receiving us, your heart drinks from the 'life' previously mentioned [September 19, 2009]. Meditating deeply, immersing oneself in us, in this rare and very subtle energy, is an unspeakable benefit for hearts in need. Many of our aspirants are making progress; they are shifting to a higher stage. Our way engraves its illustrious history on the pediment of higher reality. The era of deliverance will occur in a distant future; nevertheless, it projects its beams of light towards the souls chosen to undertake this long journey under the guidance of their enlightened Master. Our Mission is making ground. It has demonstrated its power of action on those hearts that are predisposed and also beyond them. It is part of an evolving and sacred process related to the new era. My son's action deepens this glorious furrow; he thus fulfils all our hopes. We bless him; may he find strength, in spite of such a trying human reality, to go until the end of this brilliant action. We all surround him and shower him with love. May he feel it very deeply and thus be reinvigorated and more determined to carry on his beautiful mission here below.
