Whispers from The Brighter World
A Sixth Revelation

This 'loving heart' is right, my very dear son. Her approach, in these contacts with you, allows her to see you in your greatest truth! This reality dazzles her. On the human level, her perceptions are less acute, but in your meetings on this level, reality cannot be hidden from her. You appear to her in all your beauty. Do not fear to show who you really are. The world of the future will realise it and give you your true place among the chosen ones. Be blessed among all, our very dear Great Son. From our united hearts to you, my son.
