Whispers from The Brighter World
A Sixth Revelation

Wednesday, December 15, 2010 – 10:00 a.m.

All these pearls accumulated over the years are an asset for our Mission. Some of our brothers and sisters have assimilated this teaching, which is provided alongside that which already existed. The method is exemplary and effective. These messages contribute to encouraging our aspirants to go deeper into finding themselves.

These thousands of pages hold a treasure. Blessed are those who benefit from it and progress on a path of love – the only one that can, under the blessings and the work of their Master, lead them to the goal.
