Whispers from The Brighter World
A Sixth Revelation

Sunday, January 2, 2011 – 10:00 a.m.

On this day, after all the messages already given on this issue, we can only let our son ponder. He is not helped as he would wish. On the human level he feels alone, although he is well looked after, even too well in some instances. There is a lot of gossip, speculation and jealousy – the eternal reactions in such cases; these are inevitable. He recharges himself with us whenever necessary, far from the material realm.

He will soon make the necessary decision, and we must prepare people's minds so that these changes do not create too much trouble in the Mission.

Human nature is not simple; a far-reaching way like ours requires sustained attention in the application of rules and behaviours. Sometimes abhyasis are well intentioned , and yet they wander on paths leading them astray. Whatever happens, the spiritual Master is and must remain the powerful and indispensable beacon to all. Let us repeat it: those who do not accept his decisions have no business in our Mission. We help him as best we can in a period that is difficult for him, and from which he will once again come out with increased stature.

We surround him and carry him in our hearts continually. May these messages guide and strengthen him.
