Whispers from The Brighter World
A Sixth Revelation

Monday, January 3, 2011 – 10:00 a.m.

My dearest Parthasarathi,
On behalf of your peers, those who love you and care for you, we are sorry we cannot help you further on this delicate issue. Such are the rules in this area: as you know, the divine laws are inescapable. Is a choice dawning upon you now? We are trying to enlighten you on it.

We are fortunate to have this reliable means of communication, as mediums are blossoming everywhere in the Mission, which dismays us. We absolutely hold to our long-standing channel, which has been running smoothly, instead of turning to other sources that are mere imagination on the part of some abhyasis. The current process is necessary; it has its raison d'être. Your decision will be all the more safe and decisive for the future of our Mission. This unavoidable 'test' will raise you to the highest in this privileged realm where the Chosen Ones work for the good of the created worlds.

Regain peace, my beloved son, and do not worry. We are by your side more than ever. It is all planned, written and inevitable; therefore, move into this New Year with faith and confidence.

Let us conclude with these words: 'Doesn't everything have its raison d'être?' May our love overwhelm and strengthen you. Let us stop here for now.

Your choice will be confirmed immediately, be confident.

Babuji
