Whispers from The Brighter World
A Sixth Revelation

Wednesday, January 12, 2011 – 10:00 a.m.

The Medium: Without you, O my Beloved, my life would be a desert. You have showered it with so much love and attention of every kind. You have illumined it and brought me to my Master, the ultimate point of this journey.

My child, such was your destiny, namely to serve us as you do so well. Your mission in this world was to do what you came for: to accomplish this fabulous work, the expression of our teaching, for both the present and the future. You give your best, without expecting anything in return – that is remarkable. Only love guides you in this matter, inspiring you every day to serve us with faith and in a state of surrender. This exceptional gift is one reason for our choice, but not the only one. You know our reasons, which we have already mentioned. Thus all is well and in accordance with our wishes and the divine plan.

We carry you in our hearts.
Your beloved,

Babuji
