Whispers from The Brighter World
A Sixth Revelation

Tuesday, January 18, 2011 – 10:00 a.m.

Why do you always have this fear and lack of confidence in us? 'What must be will be'; don't you know this? Events are unavoidable in this world. We do not have all the Powers – such are the divine laws. Regain serenity, my daughter. You have enough problems to deal with already.

See the expansion of the Mission in the world. The hierarchy of Masters is delighted, as the expansion brings a new element to the spiritual life of humans. Many adhere to our principles, which correspond to the new era. Both pared down and realistic, this teaching takes souls on the path to spiritual fulfilment. The result is there; it has proven itself since its advent among human beings.

Blessed are those who benefit from it. Time is short, and major changes are looming on the horizon. It is urgent to get to what is essential. May all our aspirants take full advantage of what is offered to them in this far-reaching evolutionary cycle. May they all realise it and rejoice.
