Whispers from The Brighter World
A Sixth Revelation

Sunday, January 24, 2011 – 10:00 a.m.

My daughter, this very special visitor[7] is right; it is really unfortunate not to recognise the true worth of a special gift, a divine grace in this circumstance. You possess a rare channelling capability; we would appreciate your being a little more self-confident. We value you, you know this, and we prove it to you every day. You are very happy to serve us with so much love and surrender – in that aspect of your character, we have nothing to reproach you for. We purposefully chose you and we are fully satisfied. Who could do more, and better?

Such a request is not reasonable on the part of this 'boy'; it shows his lack of knowledge of the divine laws. We do not give messages for this kind of situation, namely to serve the selfish interests of our abhyasis. This speaks volumes about his real perception of divine manifestations; he still has a lot to learn.

Long is the path, as evidenced once again by this situation. Humans must move forward with determination and faith in us and in their future.

Babuji
