Whispers from The Brighter World

Saturday, June 26, 1999 – 8:00 a.m.

(This message followed a special experience with Lalaji, in meditation, on Thursday, June 24th, at 5:00 p.m.)

ou are the custodian of our energies; this integration was meant to make you accessible to this transfer.

Don't worry, your life will remain the same, ordinary mortals will not be aware of anything.

Like the sphinx at the entrance of the temple, you will guard the secret of the place.

Your role is specific. This series of messages, which you may call 'Heart to Heart', will be reserved for a small group.

They would not be comprehensible to beings who have not been close to you in moments of spiritual intimacy, and still, are they really able to understand?

Nothing distinguishes you in appearance. You remain the same, with your lively reactions and your variously nuanced language.

You love and still know how to appreciate certain good aspects in life.

No matter, understood or not, you know how to hide your treasures.

Continue your inner journey; unite yourself with us more and more; detach yourself from the world.

You are advancing, my daughter; we surround you in this delicate phase.
