Whispers from The Brighter World
A Sixth Revelation

Thursday, February 10, 2011 – 10:00 a.m.

This place carries an energy, the benefits of which will not wane with time. Such is the wish of the hierarchy of Masters. This hierarchy and the nearby ashram are truly one, as they are connected through the spirit.

Blessed are our brothers and sisters who will respect this. They will take full advantage of this asset whose importance will stand out with time.

Rest assured, my daughter; this place will be valued for the love of the Masters.
