Whispers from The Brighter World
A Sixth Revelation

Sunday, July 10, 2011 – 10:00 a.m.

May peace be established on Earth, and may all people eventually understand the true meaning of life.

Babuji

The Medium:

To love is a privilege;
blessed are those who safeguard it.
It grants meaning to their lives.
Without it, what would life be?

They would seek in vain, in the
torment of days,
a peace, an ideal, unfulfilled.

Be happy, faithful heart,
for you have always loved –
it is a grace in this life,
a purpose and a hope for an elsewhere,
one that is conducive to loving...
