Whispers from The Brighter World
A Sixth Revelation

Tuesday, July 12, 2011 – 10:00 a.m.

The song of ardent hearts delights the angels, the beautiful celestial beings who exist not solely in popular imagination. They are special beings, highly pure and endowed with providential powers. Their action unfolds when needed, as so many tragedies and so much suffering characterise this material world.

Blessed are loving hearts; they attract heavenly favours, even if their lives remain difficult. Each has their own path, their faith and ideals. Having a living Master is a blessing. He holds powers that are relevant for an incarnation, even if it is not in any way problem free.

Such are the laws of God; they are inescapable.

Living on love, singing and feeling it deep within oneself, is a rare blessing. It ennobles a heart for eternity.
