Whispers from The Brighter World
A Sixth Revelation

Saturday, July 23, 2011 – 10:00 a.m.

ome and feast in this sacred place, this source of delight. Here, nothing can disappoint you; life and subtle love are One. It is good to meet in this very special place. There has been extensive communication over these last few days because of this special anniversary. It will be remembered in our Mission and is very important; you know this.

Forget your worries, my dear daughter. You make yourself freely available to us, doing your best for us and we are grateful – this had to be said. We must emphasise what you have been able to do in such a condition. You consider it natural; only love motivates and moves you.

So let yourself be carried on the wings of this extraordinary energy and love us, as you do so well.

Be particularly blessed on this special occasion.

Babuji
