Whispers from The Brighter World
A Sixth Revelation

Tuesday, July 26, 2011 – 10:00 a.m.

Here we are! This anniversary is over, and it was historic in some ways – a great moment in our Mission. My dear son was honoured as he should be. His action in the Mission continues to bear fruit. It already leaves its mark in the present, and it will hold a very important place in the future. Great beings who have already made history come back under a different identity and serve the divine power as required. Thus are the divine laws that make humanity progress.
