Whispers from The Brighter World

Monday, June 28, 1999 – 10:00 a.m.

Beloved daughter and disciple, what more is there to ask for? Be happy, show it.

Why always hide your joy of serving us, of loving us.

Haven't I said and written enough how much I loved my revered Master? Where is the harm in this?

You all think that showing your feelings is not good.

To love divinized beings is a great grace. You can love completely, without restraint; it is the most beautiful thing in the world.

Be like pure-hearted little children at the feet of your Master. Surrendered to his Love, he will shape your soul, he will make of you torches that will illuminate the world. Be joyful in thinking of this prospect.

A day will come when, holding hands, you will form a big chain around the world.

Your mission will be accomplished, and your life also.

Work tirelessly for that, it's what it means to be our associates.

It is a grace for you to be part of it, do not forget it.

You are in a situation, you are living it. Therefore, become aware of its importance.

Do everything possible to become active abhyasis, aware of what they are really experiencing.
