Whispers from The Brighter World
A Sixth Revelation

Sunday, August 28, 2011 – 10:30 a.m.

Magic – it is so indeed for all of us here who envision the future of our Mission with the hope that its growth will be great in times to come. In addition to being a man with practical experience endowed with an entrepreneurial spirit, he [Kamlesh] will only continue to cultivate all the greatness his Master has accomplished. The foundations are very well laid.

My son, the current Master, has done outstanding work and will continue to do so. We are very grateful to him. He will go to the limits of his strength for divine service. He is and will remain the shining star – the symbol of our Mission – carrying out divine projects meant for today's, and especially tomorrow's, world.

The stakes are significant. May the higher will be done. Those who have a mission are implementers. It is up to them to give their best so that the divine plans can be shaped and fulfilled.
