Whispers from The Brighter World
A Sixth Revelation

Tuesday, September 6, 2011 – 10:00 a.m.

You have always done your best and given your best, often under difficult conditions. We thank you for this, my daughter.

The Mission is moving towards difficult times; it is in the order of things. In order to move forward, everything must change and be rebuilt according to divine plans. People pass through this world; any good they have done remains alive and heralds the future.

Each Master in our way brings to it what is necessary for human evolution. Thus are great edifices built, whether they are of stone or that which is essential to the progress of humanity. Sahaj Marg operates on this plane; it will go a long way in this advancement. Human beings will increasingly need a refuge like this.

Humans are as they are: imperfect, but each one has the best within. It has just to be brought out and given a choice place. Let us all work in this direction, for the good of our brothers and sisters who are moving on the path of evolution.
