Whispers from The Brighter World
A Sixth Revelation

Saturday, October 8, 2011 – 10:00 a.m.

An apogee is not an end, but the beginning of an important celestial path. A spiritual Master follows it and lets himself be carried towards an ideal of perfection by a very special energy, one that is redemptive for humanity. It was said, "Blessed are the pure in heart for they shall see the light." Blessed are those who have a high-level Master and are in a state of absolute faith in this ideal of peace and love. We are working for that on Earth and beyond. Our abhyasis who are most strongly convinced are going through a special process of which they are not necessarily aware. What matters is to move forward under our unceasing action for the good of humanity. The union of the great spiritual Masters who have influenced humanity works wonders, even if it does not seem so on this Earth. The ultimate goal is the only aim in this case. It is very important. Its complexity is beyond human perception, but to God, this superior and unique power, nothing is impossible. Driven by this power, we act with confidence and fervour. Love, this heavenly force, overcomes everything; even that which human understanding deems impossible.
