Whispers from The Brighter World
A Sixth Revelation

Tuesday, December 13, 2011 – 10:00 a.m.

This is an excellent initiative regarding these messages [the recording of the Masters' voices]. It highlights the place the Masters hold in our Mission. They will leave their mark in this world, where true values will one day be highlighted more than they are today. Spirituality will help humans face up to themselves and to all the events and changes that will shake up their small habits. The refuge of faith will take precedence over events; many people have this recourse.

May all our aspirants gain strength from our teachings, and from a daily practice that can help them at all levels.

Our blessings are with them in this lifetime and beyond.
