Whispers from The Brighter World
A Sixth Revelation

Sunday, January 1, 2012 – 10:00 a.m.

A new year is beginning for the Mission and for each of our participants, who have an opportunity to carry on their quest for the Divine by following our teachings. You can see, especially from the beautiful letter sent by this American brother, the impact of these writings in the world. This is an example of a correct understanding of the messages. Their action goes far beyond a mere reading. This response testifies to his broad open-mindedness, which we highly appreciate. Time will give to these writings a place which you cannot imagine. All this should reassure you once and for all.

Wasn't it once said that today's sceptics will become tomorrow's devotees? We cannot force things; that is the way it goes. Our Mission continues to grow and to touch hearts. The divine laws operate in their own way, and wonderfully in terms of their manifestations in this world. This new year will surprise you in many ways. Be at peace and centred on what is essential: that which is important in life, namely spiritual growth – the source of true joy, one that is unfailing.

Blessings to all on this first day of the year! May it be very fruitful on the spiritual plane!
