Whispers from The Brighter World
A Sixth Revelation

Sunday, January 8, 2012 – 10:00 a.m.

Love is blazing in your heart. It calls to ours and embellishes this contact. These messages will touch more and more brothers and sisters, kindling in them the capacity to love, which they may not otherwise cultivate. Over time, this reading will reveal to them what they never imagined possible: a more perceptible openness of heart and mind. This very special energy will be felt by those of our aspirants who were the least sensitive to this special vibration in the beginning.

My son knew what he was doing by publishing these messages. Thus this heavenly manna has become available to devotees of the Mission and of the Master, whose greatness urges them on and illuminates their path. Love for one's Master is a priceless jewel in a process like this. Without this dimension of love, what would an incarnation be? In some way, it would miss its objective.

May all human beings open their hearts to that form of love – such is our deepest wish.
