Whispers from The Brighter World
A Sixth Revelation

Tuesday, January 10, 2012 – 10:00 a.m.

There are many milestones in one's lifetime. Each of them opens doors; one should make sure to open the right ones. A spiritual journey deserves special attention. Every step is crucial for real advancement. Surrendering to the higher will is an important element. Knowing how to gather within oneself the benefits of a way like this – when it is followed to the letter – testifies to a special aptitude that deserves our attention. Each and every one invests themselves in their own way. We do not impose anything; we only advise such and such a way of advancing. It is up to the aspirant to act accordingly. With time and sufficient perspective, we can assess the impact of the method: it is very satisfactory and that makes us happy. To see our brothers and sisters advancing like this is more than comforting; thus is the will of God fulfilled in this age of impending turmoil, during which we can assess to what extent we must act to help humanity in our own way.

Sahaj Marg is winning over people's hearts. May it continue to progress like this and reach out to hearts ready to receive a teaching that does not commit them in a formal way; it only requires a right habit and a favorable state of mind followed by a productive practice. It is said that the heart has its reasons; it is up to this heart to carefully measure the benefits of a far-reaching spiritual path offered to today's world – one

that is in distress in so many ways. May all be blessed and strengthened in their personal journey.
