Whispers from The Brighter World
A Sixth Revelation

Tuesday, January 31, 2012 – 10:00 a.m.

Human beings sometimes advance on winding roads. Following a spiritual path streamlines the soul's longing to rise by providing a certain fulfilment, free of the tribulations of the mind. Human beings are not simple; their imagination makes things especially complicated. Peace and serenity are the goal in a world where, moreover, all is constantly changing and evolving. Finding one's balance requires wisdom and some degree of detachment from this material world that is demanding and sometimes so very disappointing. The practice of Sahaj Marg addresses this aspect of things through exercises meant to soothe the mind, induce calmness and lead to the serenity of the soul. It is not easy to manage on both the material and spiritual planes; wisdom leads seekers to what they aspire to in their innermost being.

In these moments of delightful peace, they can only love and be thankful for experiencing these unrivalled moments. May all be blessed.
