My daughter, you are as a daughter in my heart and have been so since our first contact in Augerans, where I managed to give a message to my dearest Parthasarathi. That special moment is unforgettable, as it marked the beginning of a series of communications between the heart of a beloved son and that of a mother who has accompanied him throughout his life. My presence will not fail; such is the Masters' will, to my great joy. It was not easy then to come forward to him. Only a high degree of confidence made this feat possible; you are not an ordinary medium. Only love guides you, and in no case self-interest; this is noteworthy. Once again, my heartfelt thanks. Since you have kindly agreed, I will, when necessary, use this opportunity to express myself to my son.

See you soon, dear heart. Let us remain united in Him, the beloved Master of this beautiful and great spiritual Mission.

I wish you all the best, my daughter; be at peace – you are loved.
