Whispers from The Brighter World

Friday, May 3, 2013 — 10:00 a.m.

This birth anniversary has created a stir along with surges of love and faith in this system. In this, these special days are very important in our Mission. They further unite the Master and the abhyasis, wherever they may be. Not everyone has the opportunity to make long journeys, for multiple reasons; you know this first-hand, my daughter. No one is forgotten. A call from the depths of the heart is always heard.

"It is important to love one's Master; there is more than one way to prove it. Whatever your material means may be, real commitment, sincerity and proffered love are noticeable at the highest level of consciousness. Everything is felt in every detail. A true impulse of love does not disappear into space; it is recorded in the ledgers of time and is the most beautiful egregore of our great spiritual Mission.

"Thus, that which needs to develop and express itself does so. A way like this is suited to present times; it foreshadows the future of this world, which is undergoing a far-reaching change in preparation for the world of the future. All is well thus. May all our brothers and sisters really become aware of their commitment and be happy with their choice, and may they fully enjoy what they are receiving for their greatest good.

"We wish the best to each one and the fervour that is capable of uplifting them above the realities of the material world — a necessary step for everyone's progress.

"Endless blessings on this beautiful Sahaj Marg Mission and to all abhyasis."
