Whispers from The Brighter World

Wednesday, May 15, 2013 – 10:00 a.m.

No, you are not at the end of your surprises. These messages are winning over hearts, almost without their knowledge, one might say. They contain a special energy that will be felt more and more. You are constantly immersed in this vibration, my dear daughter, and your heart is captivated. Thus is fulfilled what must be: the divine plans are always realised, nothing can modify them and humans must comply with them. This is not always easy to understand and, above all, to admit. Surrender is the only way to move forward and to comprehend all these subtleties. Having trust and advancing with a heart full of love is the ideal safeguard.

May all understand this and advance accordingly, and may these messages help our brothers and sisters on their long journey towards the Eternal, towards the ultimate goal – there lies the objective to be reached by all.
