Whispers from The Brighter World

Tuesday, July 23, 2013 — 10:00 a.m.

Dear son, we hope for you the best birth anniversary possible in these difficult times when your health restricts your physical action. This is not the case on the spiritual plane, as your capabilities are intact and furthermore, you are flying over the worlds, especially over this one where your action is exemplary. Do not worry; all is well for you, and life here below is like that. Nevertheless, the divine laws remain active, and this also applies to the Sahaj Marg Mission. Your action will continue over time. The alliance of Masters gathered here is watching over the destiny of this beautiful spiritual way that has asserted itself over time in the most beautiful manner.

"May all our fervent abhyasis unite in your wake and hold high the torch of faith in a spiritual system that is concise and focuses on the essentials. This world really needs it, as it is nearing such a point of negativity. Was it not already said that only spirituality can change the world? We fully concur.

"Once again, all our wishes and our greatest love, dearest Parthasarathi."
