Whispers from The Brighter World

Thursday, September 5, 2013 — 9:30 a.m.

These messages are in themselves a valuable asset for our Mission. My very great son, the spiritual Master of this beautiful way, has granted them their rightful place — we thank him once again. Our blessings carry him constantly, and our love surrounds him beyond human imagination. If it were otherwise, how could he sustain all that he has been doing, given the condition of his health? Our love haloes his brow, and in spite of his weariness, his heart is radiating a thousand lights. He is the light of this Mission, the divine heart that animates it — hence the symbol will remain the hallmark of his greatness here below. This esoteric symbol is here now and will remain through time. When it takes material form as planned, this building project will stand as evidence of the power of this way of being. Great and beautiful things will be achieved in a tangible way and will finally bring acclaim to this path. The entire hierarchy welcomes this major work in progress. It will stand as an example of the current times, heralding a promising future. May this great project be achieved; it will definitively highlight the importance of the Sahaj Marg Mission. It will strengthen our fervent abhyasis in their efforts and in their faithfulness to the Sahaj Marg spirit, as well as to the Master elected by the higher powers, whose action is being manifested here below for good reason.

"The 'way of the heart' is the apotheosis of this time, and it will leave its mark on the future in the most beautiful way. May all be strengthened and determined to move forward today, and even further tomorrow. Blessings."
