Whispers from The Brighter World

Thursday, September 5, 2013 – 9:30 a.m.

These messages are in themselves a valuable asset for our Mission. My very great son, the spiritual Master of this beautiful path, has given them their rightful place – we thank him once again. Our blessings carry him constantly, and our love surrounds him beyond human imagination. If it were otherwise, how could he sustain all that he has been doing, given the condition of his health? Our love haloes his weary brow, but his heart itself is radiating a thousand lights. He is the light of this Mission, the divine heart that animates it – hence the symbol that will remain the hallmark of his greatness here below. This [esoteric] symbol stands and it will continue to defy time. When it takes material form as planned, [this building project] will affirm the power of this path. Great and beautiful things will be achieved in a tangible manner and will finally give this path its letters of nobility. The entire hierarchy rejoices in this major work in progress. It will stand as an example of the current times, heralding a promising future. May this magnificent project be realised; it will definitively highlight the importance of this Sahaj Marg Mission. It will strengthen our fervent abhyasis in their efforts and in their faithfulness to the Sahaj Marg spirit, as well as to the Master chosen by the higher powers, whose action is being manifested here below for good reason.

The 'way of the heart' is the apotheosis of this time, and it will leave its mark on the future in the most beautiful manner. May all be strengthened and determined to move forward today, and even further tomorrow. Blessings.
