Augerans

(9:00 p.m. Prayer. Alone in the caravan.
Overwhelmed by a great sadness: my Master is so close, in the annex building, but I cannot walk toward him.
It is a real suffering of heart.
Babuji does me the honour to come towards me.)

Don't be sad; your house is enlarging and getting more beautiful. One day your light will be visible to all those who will actually want to see it."

Montpellier

(9:00 a.m.: sitting with Lorrain.
Visit of Babuji. Message for Lorrain.)

Tell him that I am happy with him; thank him for his work."

(He shows me Lorrain's chest. What does he mean?)

"Tell him that I am looking after with him; he knows ..."

(And the following is intended for me.)

"I want you to be like a pearl."

Babuji

The Medium: "O Babuji, ... what a work!"
