Whispers from The Brighter World

Sunday, January 19, 2014 — 10:00 a.m.

Sahaj Marg is blessed with a very high-level spiritual Master; his power of action spans the entire Mission and beyond. Whether he is present or not, his vibratory force spreads over the entire planet, particularly during major seminars. The status of this path has reached a crowning point. Consistent results over all these years confirm its benefits. The coming seminar will demonstrate this once again, even if our abhyasis cannot truly assess it. Trust in the Master, surrender to his action and eagerness to win over an inner space of peace and serenity can free this incarnation from the grossness of the material world. It is not always easy to balance the multiple aspects of one's life. Sometimes it just takes a real desire to achieve that which did not seem possible before. A sincere appeal is always acted upon; a living Master has the privilege of operating at all levels of consciousness, without any limitation.

"May the whole Mission focus on this coming event of great importance — the birth anniversary of our Grand-Master, Lalaji —and make it a priority. His name must remain alive, now and forever. He is the pathfinder of the Mission; time will be imbued with his memory. May this birth anniversary leave its mark on people in a special way — such is our hope.

"Blessings,"

Babuji Maharaj
