Beloved Master
Revered Babuji Maharaj

Whispers from The Brighter World

Wednesday, April 30, 2014*

My dear great son,

On this anniversary day in our Mission, we are particularly close to you. Your valour is great, and we support you to the best of our ability. We have recently given some very important information regarding the future of this great and beautiful Mission, whose prestige the future will ensure. When you come to rejoin us here, the future of the Mission will be secured. Kamlesh Patel, your designated successor as the spiritual Master, will be well up to the task. Abhyasis should rest assured that the Mission will continue to grow, as provided for by the higher authorities. Everything will fall into place in due time for the accomplishment of what must be.

May this message full of love for you also reassure you about the future of this great and beautiful spiritual path, whose destiny will keep unfolding over time to help humanity in an area that will be very important in times to come. The choice of your successor has not been made without reason; all is justified, you can be sure. Sahaj Marg will continue to progress in people's hearts, as has long been planned. Dearest and great son, we wish the best for you, and we shower you with love, especially in this world. May this message be known to all in due time. Very special blessings to you, dear Parthasarathi, and to the whole Mission. To each, the best, with all our love.

Babuji
