Whispers from The Brighter World

Saturday, May 31, 2014 — 10:00 a.m.

Let yourself be carried away by this wave of love that enthrals your heart — a heart that has been listening to us for such a long time while being fed every day on this power. Is there a drink more subtle and divine in its effects? These messages are not given in vain; they are the product and the substance of that which emanates from each of the united Masters. Your incarnate Master follows through on this at the Earthly level, thus fulfilling our dearest wishes. Nothing in this area is done without reason, and the importance of the reason will, in this particular case, be highlighted in the future.

"A spiritual way develops over time — the stature of incarnate Masters sees to it. Each one influences it in his own manner and thus builds an unparalleled edifice, one that is unique and that will defy time. To be part of it is a privilege, a real blessing, and to serve it in one way or another is a heavenly gift. The commitment of each person contributes to its expansion in the world; it will keep growing over time as humans, after many changes, revert to real values. These values, in some way, have guided humanity amid various storms. Faith in divine power has always reassured humans. In our system, it manifests differently, but it is effective in its own way. The practice is simple; it rests with each one to implement it, and there lies the challenge. Our action does the rest. Our dear aspirants cannot even imagine what it accomplishes. Each and every person has their own faith, and their success depends on it; this is a fact. This is how it goes."
