Whispers from The Brighter World

Tuesday, September 9, 2014 — 10:00 a.m.

Humans are truly disarmed before the power of the sovereign spirit that guides every human being towards his or her destiny. One day, a person's destiny takes shape, bringing about the necessary changes.

"Since the inception of this Mission, many events have taken place. Some of them have been surprising to our abhyasis but necessary for the development of the Mission and its establishment in this world. All existing paths that have some power of action also started out on a smaller scale before winning over the world, you might say. Doesn't everything have its raison d'être? Sahaj Marg has been wished for by the higher authorities; it will continue to grow here below, outliving the great upheavals of the future. This sacred site that is being developed (in Hyderabad) will hold a special place in the Mission. It will become a beacon, a point of attraction perfectly connecting all the other centres of the Mission in the world. Divine power will accomplish this feat. Once again, this same power will operate as it sees fit for the benefit of a humanity that is increasingly in need of special attention. What must be will be; may all our faithful abhyasis be united more than ever and progress towards the ultimate goal."
