Whispers from The Brighter World

The newly elected representative of the Mission has begun his journey. Under him, too, the Mission will blaze an extraordinary path. Our way will reach its apogee in the future, and it will then be established in a definitive manner. It will be a blessing for our brothers and sisters, one that they cannot even imagine today. Although there will be a great many changes on Earth, India will be preserved — such is the divine will.

"At the heart of spirituality lies Sahaj Marg — a central axis whose actions are decisive, as intended by the higher powers. This is a satisfying prospect. May all our abhyasis motivate themselves by focusing on that which is essential and support their Master as appropriate on the extraordinary journey that awaits him. This Mission is particularly blessed; it's up to each and every one to be committed for their own welfare and that of the whole Mission."
