Whispers from The Brighter World

Monday, January 12, 2015 — 10:00 a.m.

The Mission of Sahaj Marg is pursuing its course; over time, new rules will be established to strengthen its progress and its basis in the world. Everything will be done at the right time. Many things will change here below and humans will have to adapt to circumstances. They will have no other choice — so has it been since the dawn of time. The aspiration for the Divine will keep growing in people's hearts; it is in the order of things. The culmination of any incarnation must bring one to this conclusion. It is important to not waste precious time, as it cannot be retrieved.

"Slowly, but in the appropriate manner, Sahaj Marg touches hearts and leads them where necessary, effectively and without any fanfare. The Mission will grow; we will help it in every aspect of its manifestation. Restructuring, building, expanding the scope of action of beings chosen by the Master to firmly establish new bases — such are the planned projects. Self-development — growth in this power of action — is the goal so that this Mission can expand, while being carried by the divine will, expressed here by the alliance of Masters. Everything will be done in due time. Everything has its raison d'être — even if this is not always understood as it should be. What must be will be.

"May all our brothers and sisters focus on what is essential on this extraordinary journey that is being offered to them, and may they fully benefit from it. Life is short in the face of eternity; they have been given this opportunity. We wish the best to all on this journey towards the goal, under our blessings."
